

EMPLOYING THE NEEDY.

The Only Active Work of the Relief Committee Yesterday.

SEVENTY MEN SELECTED TO WORK

To-day for the Board of Public Works, and to-morrow these will be succeeded by others—The Relief Store will be open again Saturday.

Yesterday the storeroom of the citizens' relief committee was not open for business, and no donations to speak of were received nor were any provisions given out, except that some bread left from Wednesday was sent where it was thought to be most needed. The store will be closed again to-day, but will be open all day Saturday. Some coal was distributed yesterday and more will be to-day.

There was a typical case of a fortunately rare kind at headquarters Wednesday evening. An old woman who lives in East Wheeling, and is said to own her own house and lot, applied for aid. There was some question as to the propriety of assisting her, but it was finally decided to give her part of her order. When she saw what was issued to her, she said: "Huh, I got plenty better'n that at home!" She got nothing, and left in high dudgeon.

Yesterday the executive committee of the citizens' relief committee was notified by the board of public works that the men who were selected by the committee each day as most needy, and deserving would be employed the next day by the board. The committee took charge of the police register and from it and the books at headquarters selected seventy names. At half past four all applicants gathered at the south end of the city building, where the committee called the seventy names and gave each man a ticket to the street superintendent. This course will be pursued each day hereafter, new relays of men being worked each day, and at 4:30 p. m. the choice of names for employment the next day will be announced at the city hall in the police court room.

It was a picturesque sight there yesterday, when about 100 men anxious to secure work gathered to hear the reading of the list. Some were very earnest, and their faces lightened when they heard their names called. Others looked at the situation with grim humor, but were doubtless as glad as any when they got the precious tickets that entitled them to go to work.

Twenty-five or thirty men were employed yesterday, but only to load the carts with the dirt being scraped up off the streets. The board of public works now has all the carts it needs for the work.

The McCoy Shoe Co. has donated fifty pairs of shoes, a welcome contribution, and Greer & Laine one lot hardware needed at the storehouse.

The executive committee will meet to-morrow at 7:30 in the chamber of commerce, and it is much desired that every member shall be present.

Masonic Bazar.

The Masonic fraternity of this city will hold a bazar in their new temple, on Market street below Fourteenth, from January 23 to the 27th. The committee having charge of the affair met last night to perfect arrangements. They will call on the citizens for subscriptions, and hope for as liberal a response as possible during these hard times. The committee is composed of the following gentlemen: S. Waterhouse, A. T. Hupp, C. H. Copp, John Turner, R. H. Liss, C. B. Hart, Henry Speyer and J. E. Hughes.

An Exciting Debate.

The debate at Simpson M. E. church on the question, "Which race has received the greater injury at the hands of the white man, Indian or negro?" was hotly contested and very interesting, and the decision was given to the negative side, which was ably conducted by George W. Brunswick and Henry Alenworth. The affirmative was taken care of by Alex. Turner and Robert Stranzen. A good sized audience was present.

Dance at the Arion.

Last night the annual Christmas ball was given by the Arion society at its hall. The affair was under the auspices of the younger ladies and gentlemen of the society, and in spite of the miserable weather it was a brilliant success, as the social events given by the Arion invariably are. The Opera House orchestra furnished the music.

PRESS CLUB DEFEATED.

Indifferent Rolling in the Championship Series Last Night.

Last night on Fetti's Harvest Home alleys the first games of the second week of the championship season of the Wheeling Bowling League took place, the contesting teams being the Columbia and Press Club. The former team carried off two victories, and is crowding the Intelligencer for first place. The Press Club gang still has undisputed possession of eighth place, not having won a game.

Neither team rolled well in the first contest, the work of the newspaper boys being particularly bad. With their knowledge of their home alleys they should have won this game. The score:

The work of the Columbia team in the second game was much better than in the first, while that of their opponents was still miserably poor. The Columbia has a majority of 300 points. The score in detail:

They have successfully stood the test of over thirty years' use by the public; their virtues have never been equalled by imitators who have sought to trade upon the reputation of ALLCOCK'S by making plasters with holes in them, and claiming them to be "just as good as ALLCOCK'S," and they stand to-day indorsed by not only the highest medical authorities, but by millions of grateful patients who have proved their efficacy as a household remedy.

Beware of imitations. Ask for ALLCOCK'S, and do not be persuaded to accept a substitute.
